

Our mission statement is
"Developing a Game for Life".

It has been our passion for the last 12 years that every young person, regardless of their social status, have an opportunity to not only learn the game of golf, but also learn what we call the "Seven Life Essentials"; honesty, integrity, character, sportsmanship, commitment, determination, and perseverance. "We are able to incorporate these "Seven Life Essentials" along with providing an avenue of practice play, Professional instruction, and tournament play. What sets us apart from other junior golf programs is our biblical based truth lessons, package pricing approach, and localized one day tournaments.

We also provide college internships that help students with their college tuition. Over the past 12 years we have provided over \$50,000 in college scholarships for students who are attending or planning to attend college. In addition to those scholarship dollars, we have also established the Hayden Hough Scholarship fund to help former Front 9 Tour members with a Scholarship that has been awarded at the end of each Summer season since 2013. It is our desire for all Front 9 Tour participants to have an opportunity to better themselves through education and community involvement. It is also, our goal to make golf affordable to families that otherwise would not have an opportunity to participate or be exposed to the life essentials Front 9 Tour can provide. No junior will be turned down, and scholarships are available for those who qualify. **We are asking you to partner with us** in keeping a first class opportunity to all the young people of North Louisiana and beyond. In return, you will have the satisfaction of knowing that the young people of these areas will be given the opportunity to not only compete for trophies and prizes, but college scholarships, higher education, and most importantly, **"Developing a Game for Life".**
